

RIGHT WAY TO DISPLAY THE FLAG

Our flag should always have stars to the left of the picture, fabric floating to the right.

When hanging with the stripes in a vertical position against the wall, as shown in the picture, the stars should be in the upper left hand corner.

When our flag is carried with other flags in parade it should always claim the place of honor — at the right.

When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker. If flown from a staff, it should be in the position of honor, at the speaker's right. It should never be used to cover the speaker's desk nor to drape over the front of the platform. Use bunting.

WRONG WAY TO DISPLAY THE FLAG

Our Flag must not be used as a table cloth, nothing but the BIBLE can rest upon it.

Never place our flag in position of this illustration, below the seats of a platform or stand, or twisted in any fancy shape whatever.

No other flag should be hoisted above OUR FLAG except a church pennant, which is allowed to fly at the masthead above the Stars and Stripes when religious services are in progress in a military chapel or aboard a ship of our navy.

Do not display the Flag of the U. S. A. with the Union down except as a signal of distress.

Do not let the Flag of the United States touch the ground or the floor, or trail in the water.
